SUMMARY

Experienced in both the Fine Arts and Full-Stack Web Development, I utilize both fields to create visually intriguing and intuitive user interfaces. I favor and excel especially in Front End development when it comes to software development. While I can learn new technologies quite quickly, I'm primarily a Javascript Developer.

PROFICIENCIES AND SKILLS

- Adobe Photoshop (very advanced user)
- API Creation
- HTML5
- Handlebars
- CSS3
- Javascript
- JQuery
- Node.js
- Mobile Responsiveness
- Express
